

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Apply this product only as specified on the label. This product is labeled to be used in and around the home, yard, and animal housing. It can be applied as a dry dust or mixed with water at the rate of 2 ounces per quart and sprayed on as a liquid.

NOTE: 1 ounce of this product is eight level teaspoons. Food utensils such as teaspoons and measuring cups must not be used for food purposes after use with pesticides. The dust does not dissolve, and to help keep it in suspension, add one tablespoon of mild detergent per gallon of water, and agitate the sprayer now and then. With either method the idea is to coat all areas where bugs may be. Applied into cracks and crevices is useful and effective.

DO NOT allow adults, children or pets to enter the treated area until sprays have dried or dusts have settled.

DO NOT apply this product in a way that will contact adults, children or pets either directly or through drift. Remove pets, birds and cover fish aquariums before spraying.

REMOVE or COVER exposed food or drinking water before application. Remove or cover dishes, utensils, food preparation surfaces, or wash them before use.

DO NOT apply directly into sewers or drains, or in any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. DO NOT allow product to enter any drain during or after application.

Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications only. Not for use in outdoor residential misting systems.

RESIDENTIAL OUTDOOR SURFACE AND SPACE SPRAYS

All outdoor applications must be limited to spot and crack-and-crevice treatments only, except for the following permitted use:

- (1) Treatment to soil or vegetation around structures;
- (2) Applications to lawns, turf and other vegetation;
- (3) Applications to building foundations, up to a maximum height of 3 ft.

Entry restrictions for product applied as a surface spray:

DO NOT enter or allow others to enter until sprays have dried.

Entry restrictions for product applied dry:

DO NOT enter or allow others to enter until dusts have settled.

ANTS: DRY POWDER: Stir the mound with a rake or other tool, agitating the ants. Apply Perma-Guard Fire Ant Insecticide D-20 liberally on the immediate area, contacting as many ants as possible. WET APPLICATION: Use one half cup of Perma-Guard Fire Ant Insecticide D-20 with a tablespoon of mild detergent per gallon of water. Saturate the mound or bed with the entire gallon of mixture.

FIRE ANTS: DRY POWDER: For faster knock down stir the Fire Ant mound with a rake or tool agitating the ants. Apply Perma-Guard Fire Ant Insecticide D-20 liberally on the immediate area, contacting as many ants as possible.

WET: Mix four tablespoons to one half cup of Perma-Guard Fire Ant Insecticide D-20 with a tablespoon of a mild detergent in a gallon of water. Stir the Fire Ant mound with a rake or other tool to agitate the Fire Ants. Drench each individual Fire Ant mound with a gallon of mixture.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that the wind or does not blow or wash pesticide off the treatment area.

DO NOT MAKE OUTDOOR APPLICATIONS DURING RAIN
DO NOT WET PLANTS TO POINT OF RUNOFF OR DRIP
DO NOT WET ARTICLES TO POINT OF RUNOFF OR DRIP
DO NOT USE TREATED ARTICLES UNTIL SPRAY HAS DRIED
FOR OUTDOOR RESIDENTIAL USE; DO NOT WATER THE TREATED AREA TO POINT OF RUNOFF.

USER SAFETY RECOMMENDATIONS

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Wash the outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing. User should remove clothing/PPE immediately after handling this product, wash thoroughly and change into clean clothing as soon as possible.

STORAGE AND DISPOSAL

Pesticide Storage: Store in cool, dry place, out of sunlight. Keep container closed. Do not contaminate water, food, or feed by storage and disposal.

Pesticide Disposal: Many local governments collect these products.

Container Handling: If Empty: DO NOT reuse this container. Place in trash or offer for recycling if available. **If Partly Filled:**

Call your local solid waste agency for disposal instructions. Never place unused product down ANY indoor or outdoor drain.

WARRANTY STATEMENT

Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment will vary, seller makes no claims other than those stated on the label.
